### DETAILED ACTION

This action is in response to papers filed on July 5, 2007.

Claims 1-2 and 36-37 have been cancelled.

Claims 3-10, 12, 14-23, 26 and 38-39 are pending.

Claims 3-10, 12, 14-23, 26 and 38-39 have been allowed.

1. The following is an examiner's statement of reasons for allowance:
2. Claims 3, 14 and 38-39 disclose a system and method for a user selecting a job category based, the user further selects a job title and class with a geographic location. The user is presented with national compensation comparison for the job class, title and geographic location. The user if further provided links for jobs opportunities corresponding to the job category, class, title and geographic region selected by the user.
3. The prior art does not teach or suggest in combination the limitation of linking job opportunities to the user in based on the previously selected job category, class, title and geographic region that the user previously selected for the compensation comparison.
4. US Patent 6, 862, 596 System and Method for retrieving and displaying data, such as economic data relating to salaries, cost of living and employee benefits. Thomsen teaches a method with three separate software modules that does comparisons as three separate functions based solely on job category. Thomsen gives an average salary, relocation cost and benefits for a geographic location but fails to break the salary and benefits down by job category, title and class.
5. Careerbuilder.com teaches a system and method for providing the user with salary comparisons based on job class and geographic region but fails to provide a link to a job opportunity in the selected job category and geographic location.

**Conclusion**
